Edmonton, Alta. Plans for a celebration to be held in July 1934 in commemoration of the establishment of the International Peace Park on the border of the Province of Alberta and the State of Montana in the Waterton Lakes-Glacier Park area are going forward. This celebration will be held on the Canadian side in the Prince of Wales hotel at Waterton Lakes National Park. It is planned to erect a suitable peace memorial in the park.

Vegetables must be grown quickly if they are to be tender. Especially with such things as radish, carrots and beets, it is also growth disastrous as the roots become woody and filled with objectionable fibres. But this rule also applies to those things used for salads. On this account it is important to push growth along with frequent cultivation, which in addition to checking weeds also conserves moisture. Cultivation alone will often keep the vegetables going through a dry spell but of course a few pails of water or an hour or two with the hose at this time will prove beneficial.

Where the supply of water is not as convenient as it might be it is a good plan, in laying out the garden to plant those things, most in need of extra moisture, such as radish lettuce and celery, closest to the pump. Potatoes are another way of buying good with and therefore assuring vegetable of the highest quality.

The use of seed potatoes free from such is quite an important factor in the control of potato scab disease. Growers are assured of such quality only when Certified Extra No. 1 seed potatoes are used. The final certification standards enforced by the Dominion Department of Agriculture, which allow only a practical minimum of scab, place at the disposal of purchasers of seed potatoes a product remarkably safe to use.

"An" is the Barney stone a real piece of rock?"
"Sure an" ye didn't think it was shamrock, did ye?"
"An" after everyone has blazed it will there still be dumb-bells in Ireland?"

"Sure but this is now it's only for redneck exercises they'll be used."

Oatmeal 1/2 cream half cup rolled oats, half teaspoon vanilla, one quarter cup sugar, 1 cup milk, and 1 cup cream. Soak the rolled oats in the milk one hour. Strain, cook the strained liquid in a double boiler about 45 minutes, stirring frequently. When cool, add cream and flavouring then freeze.

Johnny (after returning home from Sunday School) "Mamma, I don't think they should sing songs about insects."
Mother: "Why, Johnny, what do you mean?"
Johnny: "Well at Sunday School they sang a song called, Just as I am without one flea."

The new Canadian flag design sub-

mitted for public consideration by the Native Sons of Canada lacks one important feature. It does not include the Union Jack.

As Britishers living in the largest Dominion of the British Empire we have come to recognize the Union Jack as the flag of our empire. Any Dominion flag should include the Union Jack in its design to show the relationship with the mother country.

The Union Jack is ignored in this new Canadian flag design. The top half of the flag is blue and the lower half red. In the centre is a white 9 pointed star and within the star a green maple leaf.

There is too much British in us Canadians to accept a flag design which does not include the flag of the motherland.

If we have a distinctive Canadian flag, let us use the Union Jack as the foundation for that flag's design. Our choice of designs is the Union Jack with a green maple leaf in the centre. Such a flag would be truly British and distinctively Canadian.

Russan Mail. We agree.

Anne Gilling, Principal

The Cheadle Sports Club took the play Go Slow Mary, to Carleland on April 16th where it was quite largely attended by the district.

A meeting was held by the Sports Club on April 11th when the location for a new ball diamond was discussed. New bats and balls were bought for the girls and boys for practicing and it was planned that the girls on the team would have uniforms.

Mrs. H. H. Hartell spent last week end with her sister Mrs. Brooks of Ardenode.

ARDENODE

Mr. S. Watson received the news and news of the death of his mother in England one day last week.

Mr. and Mrs. D. G. Brook, Mr. Edmondson and Mr. and Mrs. R. J. Kearns all attended the Vinny dinner in Strathmore Wednesday evening last.

Mr. and Mrs. G. Dawson and family visited with Mr. and Mrs. Sevelby Sunday evening last.

Mrs. Hinchliffe of Strathmore was a week end visitor at the home of Mr. and Mrs. C. O. Dawson.

Mr. and Mrs. Greenwood of Calgary were visitors at the home of Mr. and Mrs. G. Dawson Sunday last.

Mr. and Mrs. J. A. Whyte and family have moved to Langdon where they intend farming. Mr. Robert Whyte has moved into the home vacated by his brother J. A. Whyte.

CARSELAND

Mrs. Julia Brown entertained Tuesday afternoon last at a miscellaneous shower in honor of Mrs. Charles Cole nee Miss Thelma Ryberg. Miss Vivian Hoover and Miss Lois Larsen dressed in dainty white dresses entered the room with a wagon laden with beautiful gifts. Mrs. H. Gardner made the presentation to the bride, accompanied with the best wishes of all for much happiness. Following the giving of the gifts about fifty guests enjoyed a very delicious lunch and a happy social hour followed.

Only Firestone has SAFE-T-LOCKED CORDS

Safe-T-Locked Cord
The Safe-T-Locked cord represents a revolutionary advance in tire construction. It is made of rubber, which is stronger and more resistant to wear than ordinary cords. It is also lighter and more flexible, making it easier to handle and install.

Ordinary Cord
Note the unshaded areas between the strands that are composed of rubber. This allows them to slide against each other, causing internal friction and heat.

The Art Preservative

Printing is known as the "art preservative" because the process gives permanence to thoughts and ideas in a legible and neat way. The printed word carries more dignity and more influence than any other method. The suggestion is made that you will benefit by using more printing in 1934 as a means of increasing the prestige and scope of your business.

Every progressive business and professional man takes pride in his stationery and in the printed material he sends out. The quality of the printing indicates the individual.

The Strathmore Standard takes pride in the printing it does for a large group of customers. This office is equipped to do the very best work. Each job gets the most careful attention.

The prices charged are reasonable. This is proven by the number of repeat orders. The Strathmore Standard has never aimed to make more than a modest profit.

If we have done printing for you before please accept our thanks. May we continue to serve you? If you have not hitherto been a customer we would appreciate a trial order.

Yours Truly,
"THE STANDARD"

MAJOR C. H. DOUGLAS

The Ottawa Citizen says the following in the editorial of yesterday.

Major C. H. Douglas the speaker at the Canadian Club in Ottawa tomorrow, is a British engineer. It is as an engineer that he has approached the problem of readjusting the financial machinery of capitalism, rather than to allow it to function more satisfactorily than to embark on the experiment of transferring ownership of the industrial structure from private hands to the state.

In the years since the war while many voices have joined in the growing volume of demand to scrap the capitalist machine, Douglas has come forward to show that the machine is highly efficient; it is only that the financial values are out of adjustment. He has submitted a scientific plan to make the necessary readjustment without wrecking anything. He would do so much for the cause in this twentieth century as George Stephenson did for transportation a century ago.

In Parliament this week, interest has centered chiefly in the work of the Banking Committee. Men in high places such as Mr. Jackson Dobbie, General Manager of the Bank of Montreal and Mr. Wilson of the Royal Bank have been giving evidence. It looks now as if there would not be any great change in the Bank Act except to make it harmonious with the Bank of Canada Act.

Created wheat grass has been grown to quite an extent in the Medicine Hat constituency more particularly in the area around Blinford. The Minister had the following to say about it on Thursday.

At Manyberries an area has been abandoned by farmers on account of lack of moisture. Experiments at the Station there have shown that this grass has proven to be far superior to all other grasses. It absorbs the moisture so that even the weeds cannot dry make headway on the plot. It is a cool weather grass as well as a dry season grass; when the snow goes off in the Spring it is as green as at any other time of the year. It is palatable and has a high yield of seed and remains green until covered with snow. When other grasses wither and die this grass remains dormant and responds quickly to any slight degree of moisture. This grass has a high yield and when cut and threshed the stocks remain green and palatable. The Department of Agriculture will act as a source of inquiry for anyone wishing to buy or sell this seed.

Mr. Bennett stated that there were

one million men in Great Britain who had never worked and never would have a chance to work on account of the introduction of machines. Also he stated that it was predicted in U. S. A. that 40 per cent of the farmers would need to cease farming. Ogden L. Mills said: We shall never solve the paradox of want in the midst of plenty simply by doing away with the plenty.

Sincerely, F. W. Gresham.

STANDARD

Mrs. Tom McGowan entertained in honor of her little 6 year old daughter, Brenda who was six years old on April 16th.

Howard Nelson was a Calgary visitor Monday.

Strathmore as well as Standard friends are glad to welcome Toots Schultz back after a visit with her aunt in Oregon. The trip was made in auto with Mr. and Mrs. Lester Mann.

Mrs. Hans Costello sponsored a shower in honor of Mrs. Harry Layton a bride of recent date. Between 25 and 30 friends were present and many lovely and useful articles were received.

Mr. John Larsen from near Husker was a Standard visitor Monday.

Mr. and Mrs. C. P. Dahl and Miss Pown and Miss Allendward were Sunday evening visitors in the home of Mr. and Mrs. Wirt.

Edna Klummet who was on the sick list is back in school again. We always miss Edna's smiling face and cheerful voice.

Mrs. S. B. Francis had the misfortune to fall and sprain her arm. We glad to know the arm is improving and soon will be as well as ever.

The Sr. W. I. G. C. Physical Training class is going strong again after a few weeks holiday during Easter. The girls look quite trim in their white blouses and green shorts. They plan some interesting hikes, outdoor games, some demonstrations in Domestic Science and contests in Literary work in the near future.

Johnny Schultz has started field work and his caterpillar is running night and day. Ask the boys how they liked the dust and wind for a few days.

Mr. and Mrs. A. C. Lind were Calgary visitors and shoppers Tuesday.

Rev. Aldrich of Ogden held services at the school building Sunday evening April 15th. A month from this date at the same time he will conduct a mother's day program.

CHIVAREE

A surprise chivaree was held at the home of Mr. and Mrs. R. P. Groves newlyweds. There were about 125 friends young and old to welcome them to their new home near Glenora. Dancing was enjoyed by the young and the older folks played cards. Lunch was served at mid-night and cigars and candy passed around. Dancing then continued until the early hours of the morning to the strains of music supplied by Joe Voermans, Cecil Cote, Bill Tudor, N. Barlow and Mr. Grant of Glenora. Everyone departed wishing the bride and groom the best of luck.

NOTICE OF SALE

Notice is hereby given under Section 43 of The Domestic Animals Act (Municipalities) that one Bay Gelding, branded as cut on the right hip was impounded in the pound kept by O E Stangness, Carleton Place, located on N 13 22 24 on the 31st day of March, 1934 and that the said animal was sold on the 12th day of April 1934 to J Van Weert of Strathmore, and that the said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs due to the Municipality and the purchaser of said animal.
For information apply to the undersigned.
D N GARDNER, Sec-Treas
Strathmore, Alberta.

NAMAKA

Two public meetings were held in the hall last week. Monday night Mr Whitbread, from the Dept of Agriculture Edmonton addressed a good sized audience on the best methods of exterminating the grasshopper should that pest infest this area this summer. On Thursday night Mr Brockner, Manager of the Southern Alberta Dairy Pool gave a talk on the work of the Pool and advantages accruing to its members. Mr Brockner stated that \$6000 had been paid out as bonuses to the Pool shippers since its organization a few years ago.

Mrs J A Little assisted by Mr H A Miller entertained the Ladies Aid at their regular meeting last Thursday afternoon. Mrs Hans Thomsen, who presided, opened the meeting with the scripture reading and after a short business session Mrs H R Woster read three interesting reports to the article of last month. Dore Hensley Pay, after a discussion on this subject by the members the hostess served a delicious lunch. The next meeting will be held in Strathmore at the home of Mrs E B Brundage.

The dance and Tonkies held on the auspices of the girls' softball club last Friday night was most successful both in regard to finances for the team and enjoyment to the guests. The hall had been prettily decorated by the girls with paper streamers in pastel shades. That with the novelty dances on the program and the excitement attending the drawing of the prizes put the dances in a class by itself among Strathmore entertainments. The first specialty was the prize waltz won by Mr and Mrs Claude Mackie, Messrs J Drummond, Howard Logan, of these and J Sebastian of Chedoke were the judges. The ballroom dance was won by Mrs Geo Othay and Jack Bremer while the prizes for the first dances were taken by Mr and Mrs A Hay and Miss Hazel Wagner and E Williams. At midnight Miss Connie Bremner drew the lucky tonkies tickets. C D Puffer Calgary won the fair. Winners from Strathmore were F F Wright, bank; W L Koutou sack flour; Miss A Cooks box apples; Edward Harwood sack potatoes; D Slater 5 lbs coffee; Mrs Marion Keeley; Roy Little of Lyallton won the goose and gander; Joe Keeley of Baintree a gander; Namaka winners were Miss Margaret Thomson, on the chickens; Mrs E Harris sack rolled oats; and Mrs L P Pinkerton, the girls' coach was flour manager, Leslie West called the square dances and Brem-

ner's orchestra supplied the music. The girls thank the donors of the prizes and all who helped make the dance a success.

Miss Elin Peterson of Rockyford spent Sunday here at her mother's home.

Mr and Mrs J A Little had as their guests over the week end Mrs Mack Lake of Lacombe and Joy Little of Lyallton.

An effort will be made to start Sunday school next Sunday immediately after the morning's service. All interested are requested to be at the hall at 12 o'clock.

Another tractor came into the district this week to be used by Arthur and Charles Bremner in farming the piece of land recently occupied by Mr Dupas. We are assured however that tractors are no evidence of the depression lifting. They are merely symptoms with which to fight it.

It was with regret that Namaka folk learned of the departure of Mr and Mrs Wm Eby from Hammer Hill to the more distant point of Cairn Hill early this week. The community will miss them the best of luck at their new point. Mr Eby is taking the place of D MacLachlan who was transferred east. George McLean, formerly of Cochrane district is now located at Hammer Hill.

The many friends of Mr and Mrs Bert Stangness, former old timers of Namaka, will be interested to hear they have been moved from Carleton Place to Wm. Brundage's north of Lyallton to fill the vacancy caused by the transfer of F Colbert to Camrose.

Turkeys render a valuable service which some farmers claim to be almost equal to their money return, money through the grasshoppers and other insects they destroy when on range.

NOTICE OF PREPARATION OF ASSESSMENT ROLL

Town of Strathmore

ASSESSMENT ROLL 1934

Notice is hereby given that the Assessment Roll of the Town of Strathmore for the year 1934 has been prepared and is now open for inspection at the office of the Secretary Treasurer of the Town, from ten o'clock in the forenoon to four o'clock in the afternoon on every day that is not a public holiday, except Saturday, and on that day from ten o'clock in the forenoon until two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessment of any property or to the assessed value placed upon any property, must within thirty days after the date of this notice lodge a complaint in writing with the Secretary Treasurer of the town.

Dated this 17th day of April 1934
T M WEARS, Secretary-Treasurer
April 18
